## Gas Cylinders Policies and Services

**Shipping Room Hours: Monday – Friday, 8:30 am - 4:30 pm**

**Contacts:** Michael Lozano, [mlozano@cnsi.ucla.edu](mailto:mlozano@cnsi.ucla.edu), (310) 794-9388

Pierre Decastro, [pierre@cnsi.ucla.edu](mailto:pierre@cnsi.ucla.edu), (310) 267-5704

**Gas Cylinders** - All gas cylinders arriving and departing the CNSI building must be scanned and tagged at the Receiving Dock, by a CNSI receiving clerk. After the gas cylinders are processed it will be up to each research group, or lab, to pick-up their gas cylinders from the receiving area for delivery, cylinders generally do not exceed 120 lbs. and can vary in size, they can be taken two at a time with a gas cylinder cart provided by the Receiving Dock. When gas cylinders are empty each research group, or lab, will be responsible in returning the cylinders back to the receiving area to be scanned by a CNSI receiving clerk.
